

YSBs LEADING THE WAY

BRIDGING THE GAP: FORGING POSITIVE YOUTH CONNECTIONS

The 2024 Changemaker Summit brings together more than 300 Youth Service Bureau directors, staff and volunteers from across Connecticut who support mental health and wellness, positive youth development, and prevention. This year's conference will explore strategies for cultivating and reinforcing meaningful connections with Connecticut's youth, who are essential to shaping our future.

Sponsors and exhibitors gain visibility and have the opportunity to highlight how their products and services can enhance and support the important work done by YSBs.
